

Internal House Doors

Price List 2010

We manufacture a range of **MDF INTERNAL HOUSE DOORS** to any size.
The proportions are variable so that rail and panel dimensions can be individually specified.
The finished doors are both solid and stable.

- Traditional construction in standard MDF (*moisture resistant and fire resistant specification available upon request*)
- 35mm to 45mm thick
- Softwood lipping to vertical edges (*to facilitate lock and hinge fittings*)
- Six Period Styles
